

Why Do I Need This?

If you live alone or have medical problems you will have the peace of mind knowing that you will be checked on daily.

To ensure your well-being a computer program has been set up to place a phone call to you every day at a time that you request.

If you are ill or injured and unable to answer the phone, the system will automatically dispatch a sheriff's deputy or posse member to check on your welfare and medical assistance will be sent immediately if needed.

How Will They Get In?

If you don't have a Fire Dept. Lockbox you will be asked to designate two "keyholders." These should be friends or neighbors in the immediate area who will be able to provide access to your home for emergency personnel should the need arise.

W.A.Y. and Care-Trac Locator

W.A.Y. (Where Are You) program has recently been instituted by Sun City and Sun City West Posse.

The program is designed to assist in the recovery of alzheimer's patients who may wander away from their homes. The care giver supplies information, data, phone numbers and a picture to the Posse for later reference.

Our Search and Rescue Personnel are available to assist in an all-out search if required. We can also provide a Care-Trac locator if requested by the care giver.

If you would like to join this program call the POSSE for your particular area and request an interview appointment.
